Short Description

Pastor Paul shares with us how God uses strategic reduction, strategic resolve, and strategic repetition in order to bring about His intended purposes for our lives.

Description

One thing we observe about God throughout the pages of Scripture is that He is a strategic God. But sometimes, His strategies challenge our faith. This was certainly the case for Gideon in the Old Testament, whom God called to lead a very small army to defeat a great number of enemy forces. In this DVD sermon titled “Following Divine Strategies,” Pastor Paul shares with us how God uses strategic reduction, strategic resolve, and strategic repetition in order to bring about His intended purposes for our lives.
