Short Description

In this powerful and dynamic message, Pastor Paul reminds us that we are commissioned to show a largely unchurched, nonbelieving world who Jesus is and how good He is.

Description

A 2021 Gallop poll confirmed what has been apparent to Pastor Paul for quite some time, i.e., that less than half of Americans, 47% to be exact, identify themselves as members of a church, synagogue, mosque, or any other religious organization. This reality is discouraging to a lot of Christians, but in this powerful message, Pastor Paul suggests that it should actually excite us. Why? Because, like the early church, we are commissioned to show people who Jesus is and how good He is. You'll be inspired and encouraged as you receive this dynamic word.
